

# PRISM MARITIME FABRICATION

## STRUCTURAL FAB

- ◆ Structural Platforms
- ◆ Equipment Foundations
- ◆ Steel & Aluminum Plate Rolling/Bending/Shaping

## WELDING

- ◆ Carbon Steel, HY-80/100, HSLA 65/80/100, Stainless Steel, Aluminum, Copper Nickel, Nickel Copper
- ◆ SMAW, GMAW, GTAW, FCAW NAVSEA Approved Processes

## PIPE FAB

- ◆ Pipefitting for Various Shipboard Systems (Water, Air, oil, etc.), for Various Materials (CU-NI, NI-CU, CS, SS, CU) to 5D Bend Radius
- ◆ Template & Waveguide Installation IAW NAVSEA Standards

## CUTTING

- ◆ Techni Waterjet System
- ◆ Accurate cuts in any material up to 5" thick
- ◆ Accuracy  $\pm 0.006$ "
- ◆ Cut area 66.9" x 145.7"
- ◆ Plasma Cutting Table

Check out our gallery online at: <https://prismmaritime.com/portfolio/fab-gallery/>

## Precision Cutting Capabilities

- **Waterjet Table** Cuts up to 5" thick Steel, Stainless Steel, & Aluminum with  $\pm 0.006$ " accuracy | Cutting area: 66.9" x 145.7"
- **MESSER Plasma Table** Cutting up to 2" thick Steel, Stainless Steel, & Aluminum
- **Vertical Band Saw** Cutting Pipe, square stock, angle stock, rectangular tube, waveguide
- **Horizontal Band Saw** Radius Cuts, Straight Cuts
- **20Kw Laser Tabel 11' x 25'**

## Bending, Forming, and Support Equipment

- **RMT Side Press** 44 Ton side press for forming coamings of various shapes and sizes.
- **Baileigh 180 Ton Steel Press Break** All Radius forming & making flanged plate components, radius plate for bulkheads
- **400 Ton Press Brake**
- **Pipe Bender** Bending all Pipe from ½" - 2"

- **Miller Machines** & Supporting Welding Tables - Pre-Fab Workstations
- **Dynasty 280 Tig Welding Machines** PreFab Workstations
- **Overhead Crane** 10-ton offloading, lifting, moving platforms & building platforms within our new facility
- **Iron Worker** Five stations for notching, bending, punching, shearing, flanging of steel and aluminum stock
